

2013 Explorer SPORT Preview: SPORT Performance

The foundation of Explorer SPORT is its 3.5L EcoBoost V6 engine and sport-specific suspension that combines driver-oriented handling with power and efficiency. Performance and handling features include:

- 3.5L EcoBoost engine that produces 350 horsepower and 350 lb.-ft. of torque⁽¹⁾
- 6-speed SelectShift Automatic transmission with paddle shifters allows the driver to take control or it can manage the shifts automatically
- Sport-tuned suspension offers impressive driving and handling characteristics
- Intelligent 4WD with Terrain Management System delivers overall handling and traction

(1) Based on preliminary test data. Ratings achieved with 93-octane fuel.
